FX-P330

FX-P Permanent Lifting Magnets for thin sheet

Product number 11010332

Description

FX-P is the thin sheet magnet for professional lifting and moving of sheets, tubes and bars. The special magnet configuration in combination with the prismatic pole shoe of the FX-P ensures maximum flux density at low material thicknesses.

The FX-P is easy to position and operate on round material.

Perfect for thin sheet metal and tubes.

Product information

Diameter round:	Ø 40-160 mm
Dimensions (mm):	265x87x90
Flat material:	4mm
Product:	FX-P
Temperature (°C):	80
max. load flat (kg):	330
max. load from flat material:	10mm
max. load round (kg):	300
