

Overview

FX-R 100 Pneumatic

FX-Pneumatic Permanent Lifting Magnets

Product number 11010109

Description

FX-Pneumatic, perfect in automated systems or for use in conjunction with pneumatically operated manipulators. The lifting magnet has one pneumatic input for clamping and another for releasing, a double-acting cylinder moves the magnetic shaft. A control element always indicates the switching status.

Shaped pole shoes are often adapted for series workpieces.

For fast handling of large quantities.
