

Overview

SWR-MS 200

Magnetic Clamping Angle

Product number 3007 200

Description

The SWR 150 / 90 and SWR 200 / 90 magnetic clamping angles have two separately switchable legs that are at a fixed angle of 90° to each other. The prismatic base also allows round material to be clamped.

Product information

Angle:	90°
Dimension height (mm):	200
Dimension length (mm):	200
Dimension width (mm):	48
Holding force (N):	1100
Special feature:	fixed angle
Weight (kg):	2,8
