

Overview

FXE-L 1000/50+

FXE-L Electro-Permanent Lifting Magnets

Product number 10601011

Description

Equipped with pole type 50+ in long narrow design and a maximum load capacity of 400/600/1000 kg, which is achieved with material thicknesses from 15mm, these easy-to-guide and operate devices are recommended for lifting battens, rails, pipes, beams and bars. Also using pole extensions, which make it easier to position the magnets on long narrow bars.

Product information

Dimensions (mm):	680x95x450
Flat material:	4mm
Product:	FXE
Temperature (°C):	80
max. load flat (kg):	1000
max. load from flat material:	15mm
maximum load (kg):	1000
